2018 Australian Bred Rising Star

RISING STAR

As the result of the increased interest in Australia Bred Roses (aka-Aus-bred Roses) in recent years there is a greater number of rosarians turning to breeding. To cater for this AusrosePromotions has set up an award (i.e. Rising Star Award) for a taken from recent Ausbred Roses considered to have potential to become a commercial success. Roses considered for the 2018 Rising Star Award were:-Morpheus, Dusky Moon, The Opportunity Rose, Shirley's Rose and My Yellow.

The winner for 2018 is Morpheus. Bred by Warren Millington and available from Hannerman's Nurseries.

Gracey

OCP Gracey is a green lacewing (*Mallada signata*) native to Australia. Adults feed on pollen and nectar but the juveniles are voracious predators and will feed on a broad range of pests. Gracey juveniles (sometimes called antlions) will eat almost any small insect or egg they can find. They are particularly effective at controlling aphids and can consume 60 in an hour.

The new book “*Growing Roses*” is now available. The book provides an easy to follow advice on rose growing for temperate, cold, subtropical, and tropical climates.

A follow-up to the highly acclaimed “*Growing Roses in Subtropical Climates*”, it has a new look, extra content, and lots of photos of gardens and roses for inspiration. With 224 pages and over 200 colour photographs, this book covers everything about growing roses from how to prune to how to breed your own new varieties. It will be available for \$34.95 and we will advise your local availability nationwide prior to the stock arriving.

“*Growing Roses in Subtropical Climates*” is still available for \$24.95 and is perfect if you live in Qld or NSW. Buy it online, from Swan's Nurseries, Treloar Roses, the Qld Rose Society, and Donelle's Nursery. The new book is more of a second edition adapted for all climates.
