#### **RED GEM (Ausbred Rose)**

Coming from the same seed pod as Joyce Abounding, Red Gem as yet, hasn't gained the popularity or had the success on the show bench Joyce Abounding has had. Bred by Dr Bruce Chapman and introduced to Australia in 2010 by Ross Roses, Red Gem is a miniflora with red exhibition style blooms that are very full. The bush is compact with glossy green foliage and an abundance of blooms either singularly or in small clusters. The rose has been shown very successfully in NSW by Mark McGuire over a number of years. Winner Champion Miniature 2009 Australian Championships. Like Joyce Abounding Red Gem strikes readily and does very well on its own roots.

# Bonita Sets the Bench Mark

In recent years more and more rosarians are adding Australian bred roses to their rose gardens as they become more popular. Some rosarians have been Australian Bred Rose enthusiasts for many years. One such rosarian is Bonita Cattell who sets the bench mark for private garden containing Australian Bred Roses.
