AUSTRALIAN BRED ROSE OF THE MONTH

Sharon Louise

Bred for Australian conditions

November, 2018.

an initiative of Ausrose Promotions

The most well known of the six roses nonagenarian Marguerite Parkes bred and registered Sharon Louise is named after the breeder's grand daughter. Bred to be a and outstanding rose being Queen Elizabeth X Virgo the rose has inherited traits from both parents. Grown on a compact upright bush the blooms are pale pink and with a deeper coloured pink centre and almost white reverse. The average diameter of the mildly fragrant blooms is 10 cm and they have 38 petals. Although not shown regularly the rose has done well in the decorative class over the years and in 2017 won the Champion Decorative Class at the Macarthur Autumn Rose Show. Marguerite was honoured by the Hunter Region Rose Society with the naming a rose garden containing many of her roses at the Maitland Visitor Information Centre the "Marguerite Parkes Rose Garden".

Australian Bred
