**Eddie**

*Eddie* hybridised by Richard Walsh in 1981, is the first rose he bred and was the basis for a very successful rose breeding career that he carries out these days.

An upright hybrid tea reaching up to 200cm with medium dark green foliage. The mid red blooms are resonant and are borne mostly solitary bloom form of 10cm diameter with little or no fragrance.

Breeding *Living x Uwe Seeler*, it is a parent of Walsh bred roses Darling Charlie, Love in Pink, Pink Highlights and Samantha's Dream) and a grandparent of James and Trendy.

This year it is planned to cross Eddie with Calcutta.
